WE GUARANTEE

TO SAVE YOU MONEY . . TO SATISFY YOU PERFECTLY

We guarantee that every article in this catalog is honestly described and illustrated.

We guarantee that any article purchased from us will give you the service you have a right to expect.

If for any reason whatever you are not satisfied with any article purchased from us, we want you to return it to us at our expense. We will then exchange it for exactly what you want, or will return your money, including any transportation charges you have paid.

SEARS, ROEBUCK AND CO.

No Stronger Guarantee Was Ever Written . . .

It's the EASIEST Thing in the World to Buy from Sears-Roebuck's Catalogs . . .

Follow These Five Easy Steps

1 Write or print your full name and address plainly, making sure—if you live on a rural route—that your box and route number is included. It is important that your signature is exactly the same each time you order. We can give you faster, more efficient service on all orders if every member of your household will order under one name.

2 Tell us the catalog number, quantity desired, name of each individual article wanted, color, size, price, shipping weight and any other information requested. If you order on plain paper, be sure to give us just as complete and detailed information as if you were using a regular order blank. Check your order and see that all specifications are accurate before mailing.

3 State measurements requested in merchandise descriptions. When ordering clothing, measure correctly to insure proper fit and absolute satisfaction. Be sure to give color and size wherever necessary. If you haven't a tape measure we will gladly send you one FREE!

4 Total the shipping weights and change ounces to full pounds (16 ounces to a pound). If your order is to be sent by Parcel Post, consult rate table and information at right. *Include money for postage with your order.* If you send too much money every cent extra will be promptly returned to you. For freight or express rates see Sears Big Catalog or your local station agent or write to our Personal Service Department.

5 It is best to send money by money order or check, whether you are buying for cash or on Easy Payment Terms. Your mail carrier will be glad to buy a money order for you if you live on a rural route. See Page A for complete information on Sears Convenient Easy Payment Plan.

PARCEL POST RATES

Add the shipping weights of your order and change ounces to full pounds (16 ounces to a pound). See table below for amount of postage to include, if your order weighs 25 lbs. and you live in Zone 3, postage will be 57c. If you send too much, every cent extra will be returned. Your Mail carrier can tell you your zone.

Here's What We Did to Bring You These Outstanding Values!

We had trained shoppers in every large city in America buy curtains selling for $1.44 to $1.59. When these curtains were all assembled . . .

We had a jury of stylists and buyers select from these curtains, the four that rated highest in good style, fine workmanship and most value for the money. Then we went to . . .

A mill and had these curtains copied for us; to be made up only during slack seasons to keep them busy; and in that way give us maximum value for our money.

Made to our own specifications. All of two ply yarns, tied in place-weave., Real hemmed sides and bottom; eyelet tops.

You'll have thrilling performance, sparkling clear tone,—and best of all you'll have a radio that is amazingly economical to operate.

800 Hours of Life from the single A-B dry battery can easily be expected at about 4 hours a day of use, and you should get even more if you use the special **"Current Saver"** switch often.
